

What can you do to protect yourself, as well as the pharmacy staff, the next time you pick up your prescription?

1. Get your prescriptions delivered by a local pharmacy
2. Plan to pick up all your prescriptions at the same time
3. Use the pharmacy drive-thru or wait in the car for your prescription
4. Ask someone else to pick up your medications if you're feeling unwell
5. Get a 90-day supply: Check with your doctor and insurance company for eligibility
